

What others are saying:

"A parent's face lit up when his son completed IOA, and thus got a diploma from Speedway High School. This student was considered a dropout, but wanted to get a diploma. He is now in college at Bloomington. Indiana Online Academy has a great program."

~ Patti Bock, Speedway Schools

"Thank you so much for all of your help. Many teachers would just give the grade and move on, but I really appreciate the extra time you take to make sure I understand."

~ Margaret H., Chemistry student

"Your work is so important in the lives of families. This young man would have had no hope of graduating on time if it were not for the IOA. Please pass on how much I respect your organization."

~ Dee Tidball, Bethesda Christian

"Working with IOA has been a wonderful and rewarding experience. I am able to reach students all across the state and help teach them in an online environment. I love working with the Indiana Online Academy and the opportunity to make a difference in a student's life."

~ Cindy Franklin, Spanish teacher

IOA Mission

Providing students with the means to earn high school credit through the delivery of dynamic, engaging, standards-based curricula in an online environment.

Why IOA?

IOA classes may be right for a student who:

- needs Core 40 or AP credits.
- likes to learn online.
- needs more time for elective classes.
- is home bound.
- needs a flexible schedule.
- wants classes not offered by his/her high school.
- is expelled and needs credits.
- wants to take summer school classes.

How IOA Works

- IOA offers flexible enrollment with a new session beginning on the 4th Monday of the month.
- Tuition is per class and based upon the student's school of enrollment.
- A student can work on his/her IOA class anytime 24/7 through an internet connection and work at his/her own pace.
- Assignments are completed online and submitted through a secure website.
- Final exams are proctored at the student's school of enrollment.
